Correction to

**Extending the trend vector: The trend matrix and sample-based partial least squares**

Published in

J. Comput.-Aided Mol. Design, 8 (1994) 323–340

The algorithm on page 328 (routine SAMPLS_FIT) should be altered as follows:

(1)   Line 16 needs to be changed from $\mathbf{u} = \mathbf{u} - \alpha\, \mathbf{v}[g]$ to $\mathbf{u} = \mathbf{u} - \alpha\, \mathbf{v}[g] / \beta[g]$

(2)   Below the line '*Save* for subsequent fit and for prediction', the following line must be inserted:

$\beta[h] = \beta$
